

Stretch your Benefits Dollar

District Hospital Pooled Purchasing Through Alliant Insurance Services, Inc.

The EIAHealth Program was formed in 2003 to provide members with a more cost-efficient alternative to their current health and benefits plans. The EIAHealth Program creates value and long-term stability for members by securing the lowest fixed cost plan components and combining employers with similar risk profiles in a financially stable pool. In addition, the program offers employers the flexibility to match current plan design and product offerings at lower rates for both active and retired employees.

As the fastest growing public agency health program in California, the program has consistently outperformed the marketplace since its inception and competes effectively with standalone plans, as well as CalPERS.

Program Management Team

Each public entity participating in the program receives service support from a dedicated program management team. Comprised of employee benefits professionals from Alliant Insurance Services, this service team is committed to meeting the needs of EIA members through quality customer service by assisting with:

- Program implementation
- Eligibility and billing
- Claims advocacy
- Custom reporting
- Underwriting and financial analysis
- Member communications
- Contracts and compliance
- Quotes on additional coverage

The EIAHealth Program includes:

- HMO, PPO, EPO, and HDHP options
- Custom plan designs
- Anthem Blue Cross and Blue Shield Provider Network Options
- Custom pharmacy benefits through Medco
- Disease care management programs
- Wellness education and communication
- 24/7 nurse line
- Centers of Excellence
